- Expert IT consulting

**Solution**

- Business portal for customer service

**Result**

- New customer service system
- Fast loading system
- Trouble-free operation with a large range of products
- Increased customer satisfaction
- Process optimization

**EMVEKO** was established in 1993 as one of the first private companies specialized in the equipment for service-stations and car washes. In recent years, "EMBEKO" AD has expanded its business. At present the company offers a wide range of equipment for manufacturing, industrial and repair companies, as well as agricultural companies.

*"As a result of the optimisation which Accent-D Ltd carried out on our new website traffic increased significantly. The number of enquiries we now receive are treble those from the previous site."*

**EMVEKO AD Hristo Genchev Executive Director**
